Dear readers,

Enlightening the universe with technology and innovation is "*Prajwalam*" it's a Sanskrit word which means, "to ignite". It's an old custom in Indian culture to ignite a 'Deepak' as a sign of goodness whenever we start something new. This is because a flame always rises and shows us the path in darkness. *Prajwalam* symbolizes that the students will rise up and touch the zenith. It will be a torchbearer for other and will enlighten the path to end darkness that still prevails in the society. *Prajwalam* will be a good luck charm for this institute, its scholars, its faculty, and most importantly, the nation.
