Message from Prof SumitaChatterjee

Editor in Chief

Assistant Professor and HOD Department of Education

Enlightening the universe with technology and innovation is "Prajwalam" it's a Sanskrit word which means, "toignite".t's an old custom in Indian culture to ignite a 'Deepak' as a sign of goodness whenever we start something new. This is because aflame always rises and shows us the path in darkness. Prajwalam symbolizes that the students will rise up and touch the zenith. It will be a torchbearer for other and will enlighten the path to end darkness that still prevails in the society. Prajwalam will be a good luck charm for this institute, its scholars, its faculty, and most importantly, the nation.
