## **REPORT**

### **Name of the Programme : ‘Observance of Students’ Week, 2022’**

As per guidelines (vide memo number: 144-SSE/2021 dated 29-12-2021) of Higher Education Department, Government of West Bengal, Student Welfare Cell, BHKM was organized an online awareness programme on ‘*Observation of Students’ Week*’ from 01-01-2022 to 07-01-2022 at Google Meet Platform. But our college observed the week for four days e. i. 04-01-2022 to 07-01-2022 for some technical issues. The schedule for each day’s programme was from 11am to 4pm.

**Coordinator:** According to the instruction of the Principal Dr. Ajjul Hoque Mondal, Assistant Professor, Department of Bengali and convenor, Students Welfare Cell, BHKM coordinated the entire event. Dr. Nasir Uddin Mondal, Assistant Professor and Head, Department of Arabic, BHKM was with him.

**Objectives of the programme:** Throughout the year in any educational institution, teachers teach their students only the curriculum subjects in a traditional manner. There should be no doubt that the state government’s proposal of such a programme for the students is very positive. Through such programmes we can measure the skills of the students. Moreover, there can be no substitute for such programmes to remove the boredom of the students. Such programmes are planned keeping in mind the need for more biographical education beyond traditional education.

Along with academic practice, the importance of aesthetic practice cannot be denied. Aesthetics consists of artistic consciousness and artistic consciousness gives birth to new ones. Such programmes are planned keeping those goals in mind.

The objective of the programme was focused on awareness of the students regarding different beneficial schemes implemented by the State Government, facilitating and mobilizing beneficiaries of student Credit Card Scheme, Swami Vivekananda Merit cum Means Scholarship, Aikyashree, Pre and Post Metric Scholarship, Subheccha Barta of Honorable Chief Minister and other cultural activities as mentioned in the Programme Schedule. There were a total number of seventeen events in four days. The programmes was as follows:

*State Seminar Webinar on Student mental health 5.1.2022 organized by equal opportunity cell and anti-ragging cell, BHKM*

***Programme outcomes:*** Different outcomes were found for different programmes. Students learn about creative writing and how creative writing can be done. Despite being in a rural context, we have come to know how much individual knowledge our students have about different discoveries and different subjects aboard as well as our country. At the same time, due to this programme, an interest has also been born among the students about quizzes. All the doubts regarding the scholarship of the students are cleared and they also get to know various unknown facts. They also received strategic training for career building. Learn about Sundarbans and its natural disaster management methods. Pandemics like Covid-19 have also learned how to cope with coral reefs or stress. Students also learn how to take care of their mental health. Through the drawing competition we got to know about the aesthetic sense of the students. We have learned the importance of Sanskrit language and literature in modern life. It has made many students interested in this dying language. Students understood about the value and also the downside of Credit Cards. Most of the students had no idea about the CBCS CBCS System. After this programme they understood the matter correctly. Students have benefited the most from subjects like ICT and MOOCS. They learned how to do online tutoring in a hands-on way. Enthusiasm for the study of history is created, after knowing the various aspects of history.
