Date: 22.04.2020.

Time: 2-3 p.m

Venue: Online google meet platform

Organizing Secretary: Dr. Runa Das Chaudhuri

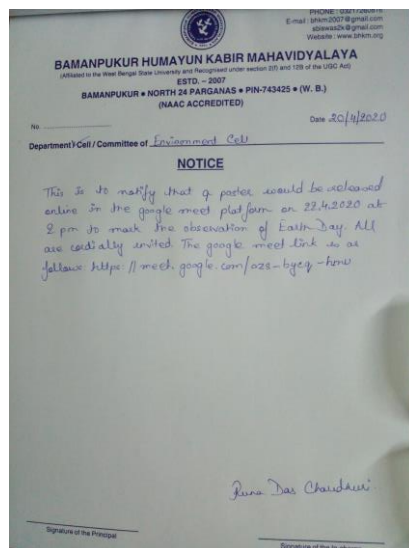

Report prepared by: Dr. Runa Das Chaudhuri

Introduction

Earth Day is an annual event celebrated around the world on April 22 to demonstrate support for environmental protection. First celebrated in 1970, it now includes events coordinated globally by the Earth Day Network in more than 193 countries. Earth Day is an annual celebration that honors the achievements of the environmental movement and raises awareness of the need to protect Earth's natural resources for future generations. Every government, every business, and every individual in this world has a voice. There is not going to be one person who can do it all. But now is the time. Together, we can make a difference. We need to act as a team altogether.

Sustainability is the answer to sustainable prosperity. Smart and Innovative companies are realizing that going green will help us all. It is now vital that all business leaders must become engaged in shaping the future for sustainability. It's time to take the **benefit of a green economy** by adopting it. All governments need to encourage society, institutions, and businesses to build a framework for supporting a stable future.

Notice of the programme

Brochure of the programme

Details of the programme:

The Environmental Cell members of BHKM have also pledged solidarity with this cause. During the pandemic, they put in their efforts to come up with posters of their own. The collage on the right was designed by the Dr. Das Chaudhuri and four faculty members also participated to the cause of poster making. The poster was released online to mark Earth Day in an online google meet programme on 22.4.20. The programme started at the scheduled time and the poster released can be found below.

Clockwise from upper hand right:

Dr. Nasir Uddin Mondal, Dr. Runa Das Chaudhuri, Ms. Paromita Mondal, Mr. Tapas Patra and Mr. Ashis Biswas.
