CIE REPORT SUMMARY OF DEPARTMENT OF EDUCATION 2024

The Department of Education has examination on,27.02.2024. The Notice was circulated on: 23.2.24. Answer Scripts evaluation was done on 14.03.2024 and students were shown checked copies and briefed about the progress on 19.03.24 according to the date of the Departmental meeting and resolution taken on 23.02.2024 and resolution No 2.

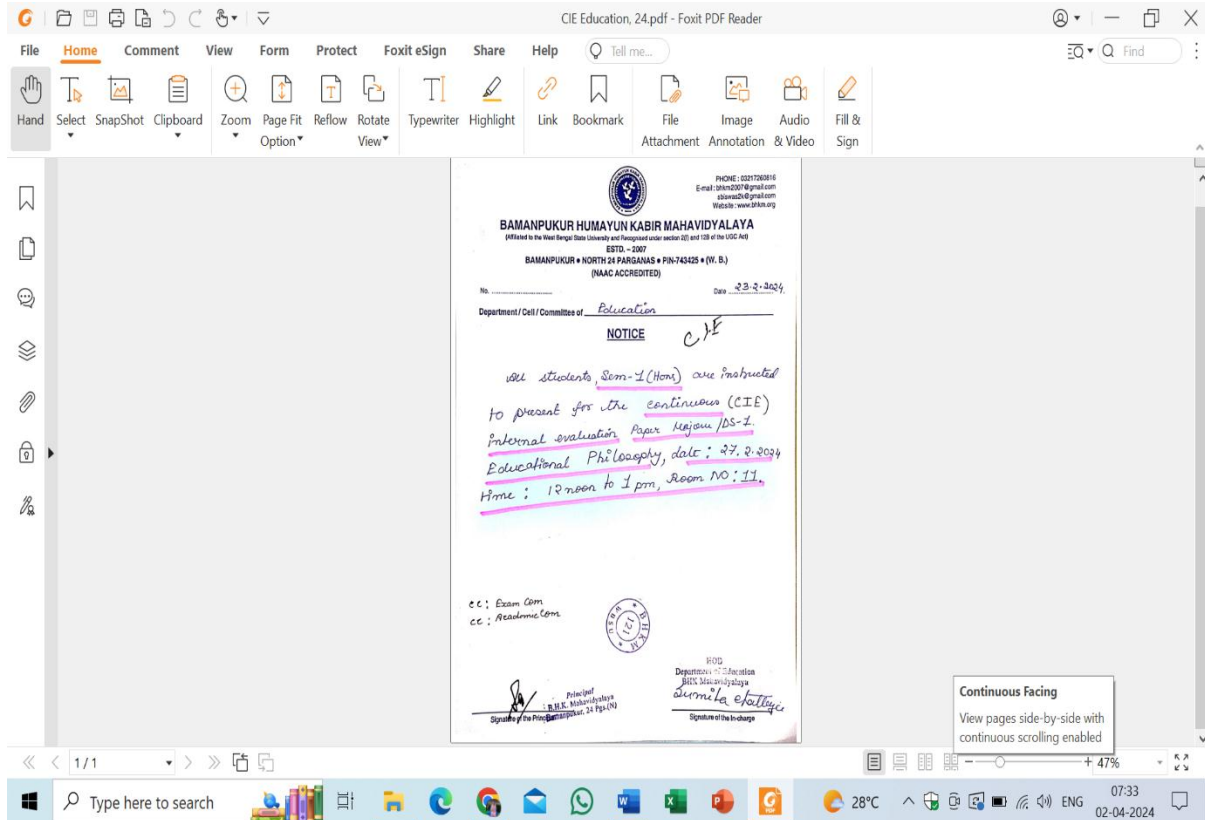

Continuous internal evaluation in education refers to the ongoing process of assessing students' progress, learning, and understanding throughout a course or academic year. This approach offers several significant achievements:

Continuous internal evaluation allows for a comprehensive understanding of students' strengths, weaknesses, and areas for improvement. It considers various aspects of learning, including knowledge acquisition, critical thinking etc. Students receive immediate feedback on their performance, enabling them to identify and address gaps in their understanding promptly. This feedback loop promotes active engagement in the learning process and helps students make necessary adjustments to improve their learning outcomes. Overall, the achievement of continuous internal evaluation in education leads to a more dynamic and student-centered learning environment, where the focus is on promoting meaningful learning experiences and fostering academic growth and development.
