Concept Note: Gender equality is when people of all genders have equal rights, responsibilities and opportunities. Everyone is affected by gender inequality - women, men, trans and gender diverse people, children and families. The Maintenance and Welfare of Parents and Senior Citizens Act was passed in 2007 to ensure financial maintenance for parents and senior citizens and their welfare. The Act provides for maintenance of parents/senior citizens by children/relatives obligatory and enforceable through tribunals; revocation of transfer of property by senior citizen in case of negligence by relatives; provision for abandonment of senior citizens; establishment of Old Age Homes for indigent senior citizens; adequate medical facilities and security for senior citizens and protection of life and property. The theme of this year's women's day is "Digital Age: Innovation and technology for gender equality".
